The Health and Social Care Management Diploma provides a thorough grounding in the key concepts and practical skills required in the health and social care sector and its wide recognition by employers allows progression directly into employment.

The objective of the Level 4 Diploma in Health and Social Care Management qualification is to equip learners with the underpinning knowledge, understanding and skills required for a career in the health and social care sector at a managerial level. The programme enables learners to demonstrate their skills by producing evidence from their work or training activities. Learners will acquire care management skills in the Health and Social Care sector.

Mandatory Units

- Personal and Professional Development in Health and Social Care
- Managing Quality in Health and Social Care
- Principles of Health and Social Care Management
- Health and Safety in Health and Social Care Workplaces
